

## How does Northside Christian School teach students to learn, love, and live Christ?

*"I have seen my children learn and grow in their knowledge and love for Christ through their Bible instruction, everyday application in each subject, and in everyday interaction with staff and other students. They aren't perfect, but I know they will always be pointed to Christ at Northside!" – NCS Parent*

*"NCS provides a unique opportunity to help care for a child in the way that they need the most — their understanding of the need and dependency that they have on the Gospel of Jesus Christ. Education is used as a means of helping students better learn, love, and live Jesus!" – Jesse Stout, Principal*
